

# LIQUID LEVEL SWITCH (LSS) SIDE ENTRY

## TECHNICAL SPECIFICATION

VFC Output	SPDT - 1A @ 24V Max
Cable Length	0.5m
Must Close Level	7mm
Must Open Level	20mm
Tank Hole Size	22mm
Material	Nylon
Operating Temp	-20 ~ 75°C
IP Rating	IP68
Approval	CE, WRAS

## PART NUMBERS & COMMON ACCESSORIES

PART NO	DESCRIPTION
LSS-E-0.5	Level Switch (Float) - Side Entry, Nylon, 0.5m Cable, WRAS

### | OVERVIEW |

The compact side entry Liquid Level Switch is designed as a cost effective mechanical method for monitoring high or low levels in water tanks.

The compression seal design allows the switch to be fitted externally, without a need for access to the inside on the tank.
